Blessing of Throats | Monday, February 3rd

Monday, February 3rd is the Feast of Saint Blaise, Bishop of Sebaste in Armenia during the fourth century. Devotion to him spread throughout the entire Church in the Middle Ages because he was reputed to have miraculously cured a little boy who nearly died due to a fishbone stuck in his throat. In further recognition of the saint and the tradition associated with his feast, a Blessing of Throats will take place after the 6:30 a.m. and 9:00 a.m. Monday morning Masses.

"Because he himself was tested through what he suffered, he is able to help those who are being tested."

– Hebrews 2:18

When we join a support group, there is comfort in sharing our pain with people who have experienced the same thing; they understand what we are going through. The next time you experience suffering, talk to Jesus. He has experienced more suffering than most of us, He understands. Plus, Jesus knows us better than we know ourselves. Only He can fill the hole you feel in your heart.

Saint of the Week Saint Agatha | February 5th

"Of noble birth and great beauty," so the ancient accounts describe Saint Agatha, martyred during an early persecution for refusing a powerful Roman's offer of marriage, since she had consecrated her virginity to Christ. An early preacher, Saint Methodius, reflects instead on her name, noting that, in Greek, Agatha means "good," goodness being something we can all strive for, nobly born or common, blessed with beauty—or not! So brutal were the tortures that violated her youthful innocence, Agatha, like Agnes and several other women martyrs, was honored from time immemorial by having her name inscribed in the Roman Canon (Eucharistic Prayer I). Long invoked as protector against earthquakes—Mount Etna erupted as she was being tortured—recent attention has focused on the particularly cruel torture decreed for Agatha, the cutting off of her breasts. This has inspired cancer survivors to promote Saint Agatha as patron and intercessor for women courageously facing breast cancer, for their families and the multitude of supporters who participate in fund-raising marches and races, and, of course, for the dedicated researchers who seek a cure.

—Peter Scagnelli

TREASURES FROM OUR TRADITION

By Candlemas, forty days after Christmas, February 2, the season of Christ's coming has depleted our candle supply. Soon, the parish will order a new paschal candle from a catalogue or candlemaker, or in some communities, wax will be collected to be melted and molded. Last year's paschal candle shows the wear and tear of summer heat, or many funerals or baptisms.

Paschal candles have been around since at least the fourth century, when Constantine's biographer Eusebius reported that the night of the sacred vigil was "transformed into the brilliancy of day, by lighting throughout the city pillars of wax, while burning lamps in every place so that the splendor of this night was brighter than the brightest daylight."

Light was a precious commodity in the ancient world, and this lavish use of precious beeswax was a sign of the Christian's call to bear Christ's light into the world's darkness. In a pre-electric age, a whole city aglow from the paschal flame must have been a glorious sight, and a reminder to every baptized Christian of our vocation to "be the light of the world."

Saint Agnes Catholic School

St. Agnes School is a Catholic community centered on the teachings of Jesus Christ and strengthened by the partnership between parents, who are the primary educators of our students, and our dedicated teaching staff.

We believe in the mission to educate our students so that they become loving Christians, inspired learners, outstanding achievers, natural communicators, and strong servants of God.

St. Agnes 8th graders have been exploring the world of ionic and covalent bonds. What better way to learn the concept than to see it in action?! They tested the electrical conductivity of several different compounds to decipher which ones produced the most ions when dissolved in water.

St. Albert the Great, patron saint of scientists, pray for us!
